

## Program Specific Outcomes

The institution offers almost all Programs at graduate level in commerce. Each program has been designed by the University of Mumbai to offer something special.

**B.Com:** It creates a general awareness among the students about the commerce field. It provides the student with a sound footing with courses like Financial Accounting, Human Resource Management, Environmental Studies, Business Law, Mathematics and Statistics etc. It gives the student an idea about the areas which affect commercial activity and subsequently to further their studies in the course of their choice after graduation.

## Specialized Courses

**BMS: (Bachelor of Management Studies)** This program provides the student with a basic framework of Management. Which allows a student to focus on management related issues.

**BMM: (Bachelor in Mass Media)** As the name suggests, this program focuses on print and visual media, photography etc. allowing the student an opportunity at introduction to media studies preparing him to choose an area of specialization in mass media studies.

**B.Com (Banking and Insurance)** provides the student a basic idea about the banking and insurance field, thus affording an opportunity to specialize further in either of these areas.

**B.Com (Accounting and Finance)** Specialized course in Accounting and Finance for students who wish to seek a career in this field like C.A.

**B.Com (Investment Management)** Specialized program in various types of Investments, their pros and cons and provides basic knowledge of managing investments for maximum returns. It also provides a general knowledge of risks and returns.

**B.Sc.(Information Technology)** It is designed to provide a basic idea about information technology, about internet and computer programing.
